30th December 2022

To Whom It May Concern:

It is my great pleasure to write this letter of recommendation to support Bernard Joshua Raja Rajan's application for internship program at your company. Having taught him three courses of COS10009 Introduction to Programming, COS20007 Object Oriented Programming and SWE20004 Technical Software Development, I know well of his academic ability and personal character. I am confident that he is a qualified candidate.

Since he first enrolled in my class in August 2020, he has shown great interest in all the subjects and proved to be very independent throughout the entire semester. Bernard is a proactive student and always work ahead of time. He actively answered questions in class, and was able to solved all problems given to him with extra effort to produce outstanding results. He scored Distinction in all the subjects he took with me and has been one of the best student in my class.

Bernard has also shown good attitude during and outside classroom. He is always polite and able to mix well with his friends.

I am convinced that Bernard will make more than valuable contribution as an internship student at your company. He has my highest recommendation. Should you have any questions, please do not hesitate to contact me.

Yours sincerely,

(Siti Hawa Binti Mohamed Said)
