

4th January 2023

To Whom It May Concern,

Mr. Bernard Joshua A/L Raja Rajan (IC No: 000210-10-1839) is currently studying Bachelor of Computer Science program (major in Data Science), 3+0 in Collaboration with Swinburne University of Technology, Australia offering at INTI International College Subang.

I have known Bernard when he joined the program. Bernard is very hardworking and consistently scored excellent grade in his academic studies since he enrolled in the program. I had the pleasure of teaching Bernard in one of the unit - Big Data Management. Bernard impressed me with his ability to be articulate about difficult concepts and texts, his sensitivity to data and numbers within subject context, and his passion for learning Tableau, reading, writing, and creative expression- both in and out of the classroom. His ability to perform any assigned task with very minimal supervision and with the highest level of dedication is indeed strengthening characteristics of an outstanding student.

I highly recommend Bernard Joshua because I believe that he will be a valuable asset to your organization. I will be most willing to provide any additional information you may need.

Sincerely,

Eric Sow Seah Kuan
